COB SERIES COOL WHITE / WARM WHITE LED CAN

THE VERSALIGHT LED RANGE OF PRODUCTS IS A COST EFFECTIVE RANGE OF MULTI-PURPOSE LED BASED PRODUCTS.

VERSALIGHT COB SERIES OF LED CANS :

Offer a High Quality of Light output with virtually no shadows that are associated with multi LED Based wash lights.

The COB Cool White / Warm White LED Can are a multipurpose white light wash that is suited for both installation and rental/staging applications.

The COB CW / WW LED can uses a single 100 Watt RGB COB LED with an Aluminium Reflector for maximum output. This configuration gives out a powerful soft edge wash with smooth and even dimming to create a range of white light from cool white to warm white.

All from a very compact package, the unit can be used in both standalone mode or via the DMX512 Protocol and is equipped with 3 pin XLR connectors. A LCD display screen makes setup and control very easy and intuitive. A 12 unit flight case on castors is optional for units that need to go on the road. All units come with a pre-moulded 15A South African Plug top.
